THE COUNTRY BRINGS OUT
UNUSUALLY HEAVY VOTE

ly Balloting in Many States was Fast and Indicated that Straight Tickets Were Being Mostly Favored.

(By United Press)
New York, Nov. 5.—Telegrams from all over the country today pointed to a record breaking Democratic vote being cast everywhere. In the United States were in the States were pouring information to the Democratic headquarters today. The vote was addressed to McComb, McAdoo and asserted that early promises were being fulfilled to voters.

NEW YORK.

New York, Nov. 5.—Election day here saw a flood of warm sunshine, the thermometer "just right," putting a tingle in the air that sent early voters to the polls with enthusiasm. Voters made good time and appeared to be voting straight tickets. During the first hour in the bowery quarter, something like 15 per cent of the registered vote had been cast. In Brooklyn it was about the same. A vote a minute was the average time at many polling places.

CONNECTICUT.

New Haven, Conn., Nov. 5.—Never before has the outcome of a presidential and state election been quite so much in doubt in Connecticut as today. The outcome all hinges on the vote of the Progressives and how many votes they take from the two old parties.

Democratic and Republican managers each claim the state by 15,000. The Progressives claim 50,000 or more votes, a greater part of them from the Republican ranks and if such is the case the nominal Republican vote will be brought nearly to the figures claimed by the Democrats.

KENTUCKY.

Louisville, Ky., Nov. 5.—Kentucky is not conceded to either of the three leading candidates for President. All party leaders early today are claiming victory. The Democrats claim they will carry the state for Wilson and Marshall by 25,000 to 50,000, and all congressional districts except the eleventh, where Caleb Powers, Republican, is expected to win. W. D. Cochran, state republican chairman, wired his headquarters that Taft was safe by a small majority, and W. A.

MASSACHUSETTS.

Boston, Nov. 5.—With the best day weather in years, an

Lawill, Progressive chairman, made the same claim for Roosevelt.

PENNSYLVANIA.

Pittsburg, Pa., Nov. 5.—For the first time in many decades, in a Presidential campaign Penna voters went to the polls today with their commonwealth placed in the doubtful column.

Unimpeachable weather with the frosty morning tempered by a later warmth. The Socialist strength, especially in the industrial section of the western end of the state, has been growing steadily and a heavy vote will be polled. Democratic inroads are claimed on the congressional ticket in spite of the tariff question and "soup house" panic. Republican cries.

MICHIGAN.

Detroit, Nov. 5.—The two commonest forecasts on the result of today's balloting in Michigan were that Roosevelt would carry the state by a small majority and that the outcome was in doubt. Republican leaders declared something more than ordinary landslide would be necessary to overcome Taft's majority of 129,330 four years ago. The woman suffrage amendment was an important issue, on which the vote was to be close. The female workers at the polls lent a touch of color to the almost perfect day for voting.

IOWA.

Des Moines, Ia., Nov. 5.—Cloudy weather with indications of rain and a heavy vote. In many precincts in Des Moines long lines of voters were on hand before the polls opened and as there are not enough voting machines, it is predicted many will be disfranchised. As the result in the state, everybody claiming it.

ILLINOIS.

Chicago, Nov. 5.—After voting had been on for three hours prediction was made that in Chicago alone more than 350,000 ballots exceeding eighty per cent of the total registration, would be cast today. The voting over the entire state was reported heavy, because of the popular interest in the result of the three-cornered fight which has been waged in the state. The weather was ideal, clear skies prevailing and just enough chill in the air to discourage slothfulness.

ARKANSAS.

Little Rock, Ark., Nov. 5.—There was no doubt as to the outcome in Arkansas today and a normal vote was being polled. There are no progressive electors in the field and the only question is whether Wilson's plurality will equal Bryan's of four years ago.

TENNESSEE.

Nashville, Tenn., Nov. 5.—Tennessee today is electing a governor, railroad, commissioner, legislature and 10 congressmen. The state is assuredly for Wilson. Estimates on Roosevelt's vote range around 40,000. A democratic primary for state officers and senator is being held with only one contest on; that over the trusteeship, between DeLong Rice and Senator A. A. Adams.

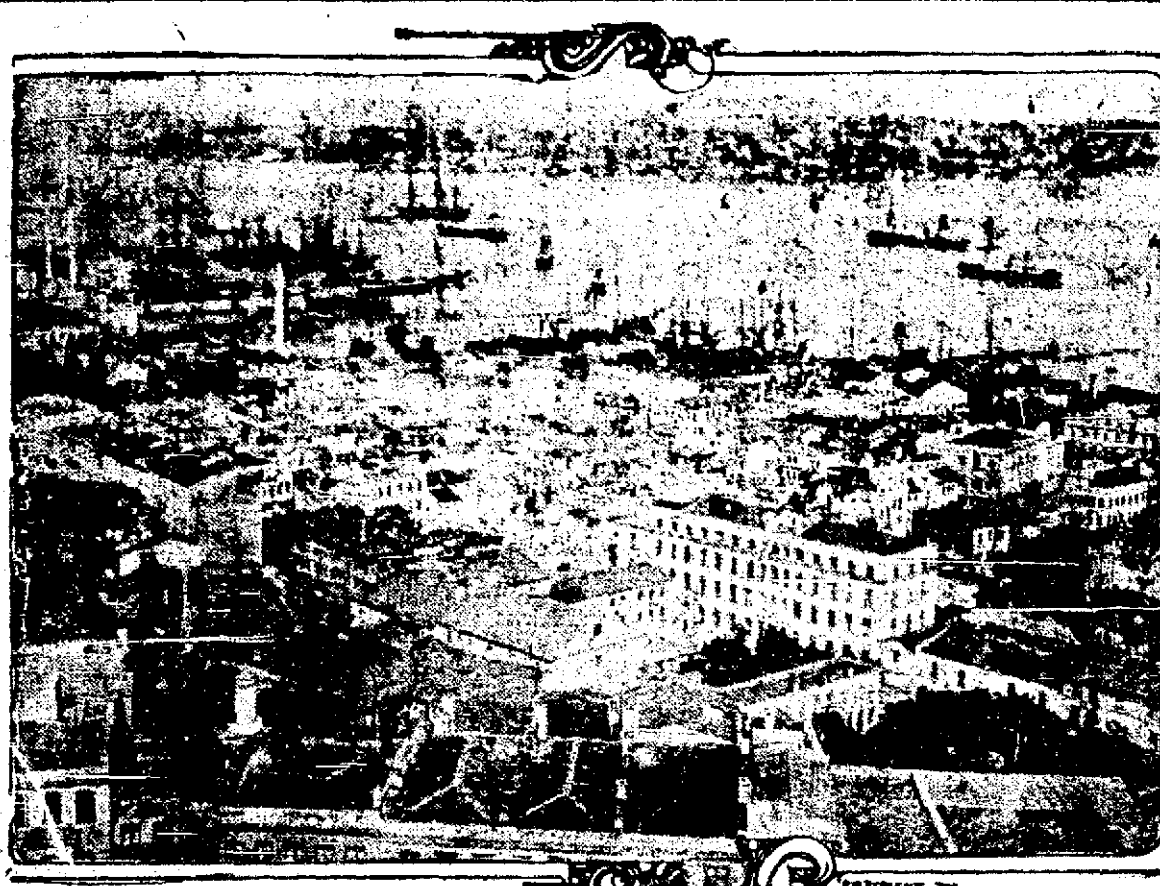

WASHINGTON.

Seattle, Wash., Nov. 5.—One of the bitterest fights in Washington's history reached its climax today. Weather indications were generally fair. Roosevelt seems to be leading in the Presidential battle with Wilson second.

INDIANA.

Indianapolis, Nov. 5.—"I am sure of one vote, anyway," said Gov. Thos. R. Marshall, with a chuckle, as he experimented with the voting machine in his home ward today. He was the only vice presidential of the three big parties to cast a vote. Gov. Johnson, Bull Moose candidate, was in New York, the

SHELLED ADRIANOPLE.

Sofia, Nov. 5.—The Bulgarians were reported here today on the point of carrying the Chatalla forts, Constantinople's last line of defenses. It was rumored that the fortifications had been captured and that Czar Ferdinand's forces were scattering the broken Turkish army preparatory to beginning their final 25 miles dash to the capital.

At latest account a terrific bombardment of Adrianople was in progress.

MONASTIR ATTACKED.

Belgrade, Nov. 5.—News that the Servians have attacked Monastir was hourly expected here today. The press discredited reports that the Greeks have been checked south of the city.

SULTAN POWERLESS.

Berlin, Germany, Nov. 5.—Germany is the one power which has not frowned on Turkey's efforts to make a concession in hostilities precede an offer of concessions to the allies. The Fatherland alone can accomplish nothing, however, as there was no prospect that the latest appeal from Constantinople will have any better result than the earlier one.

The Sultan's virtual admission that he cannot control his enraged Mohammedan subjects was considered extremely ominous. The powers were all rushing warships to Turkish waters today to protect foreigners but there are many who will surely be unable to reach the ports where the fighting craft will anchor.

As one of the largest cities in Europe, the gravest concern is of course felt for Constantinople. For

eigners there may insure their safety by going on board the warships but it will be impossible to protect the entire Christian population which runs into the hundreds of thousands. The embassies and consulates there were all under heavy guard today. It was stated in dispatches from the Turkish capital, us were the largest foreign businesses. Most shops have been closed and barricaded in anticipation of an outbreak of looting if not of wholesale murder.

The Christians were cowering in their houses. It was stated, in momentary expectation of hearing the Mohammedan mob crying for their extermination.

Hostile throughs have actually made several attempts to get from the native quarter of Stamboul into the foreign sections, Galata and Pera, but the police have felled all of them by throwing open the draw in the bridge across the Golden Horn, which separates the native and foreign districts. Foreigners have been warned to keep out of Stamboul and even of the localities in Galata and Pera where Mohammedans predominate.

Among Orthodox Mohammedans, it was said, a wrong sentiment was developing in favor of the restoration of ex-Sultan Abdul Hamid, to whose deposition the masses attribute Turkey's present misfortunes.

GREEKS REPULSED.

(By United Press)
Constantinople, Nov. 5.—That the Turks have repulsed a Greek attack on Salonika was asserted in the Turkish newspapers here today.

PREDICT UPRISING.

(By United Press)
Berlin, Nov. 5.—The Turkish government intimated to the German foreign office today that if the Bulgarians enter Constantinople it will be impossible to prevent an anti-Christian uprising. It was stated on semi-official authority here the Sultan therefore renewed his appeal to the Kaiser to use his influence with the Balkan allies to agree to an armistice.

A Drawback(By United Press)
Toledo, O., Nov. 5.—The early vote in Toledo was very heavy from 40 to 70 per cent of the vote being polled in most precincts before 9 o'clock. There is evidently much scratching. The Presidential talk is all Wilson.

CINCINNATI.

Cincinnati, O., Nov. 5.—With President Taft in the city to cast his ballot, a heavy early vote was cast in Cincinnati today. With a long ballot and a bitter judicial fight on it required from five to eight minutes for voters to mark their ballots. In some of the outlying precincts men were compelled to stand in line more than an hour before getting into the voting booths. The weather was threatening. It is expected that 110,000 votes will be cast in Hamilton county.

AKRON.

Akron, O., Nov. 5.—Voting was heavy during the early morning hours here, over half of the vote being out by 8 o'clock. It was expected that 90 per cent of the registration of 17,000 would vote. The early vote was the heaviest in 12 years.

MARION.

Marion, O., Nov. 5.—Clear skies and warm weather combined to bring out forty per cent of the vote by 10 o'clock, the heaviest early vote in the history of Marion county. It is conceded Wilson will carry the county by 1,000 with Taft second and Roosevelt third. The election of the entire Democratic county ticket seems certain and indications are that John A. Ker, democrat for congress will carry the thirteenth district by 15,000 plurality.

CANTON.

Canton, O., Nov. 5.—The early vote in Canton was unusually heavy. In many precincts one third of the vote was cast by 10 o'clock. The same condition was reported from several county precincts.

DAYTON.

Dayton, O., Nov. 5.—In many precincts one-third the vote was in by 9:30 this morning and throughout the city the vote will be correspondingly large; indications show Democrats express concern over the probable defeat of Judge Gard, for Congress, and the election of Strickland, Socialist. There is much speculation as to whether Cox can carry the Soldiers' Home.

FINDLAY.

Findlay, O., Nov. 5.—Unprecedented heavy voting in the early hours is reported here from all precincts. In some over half the vote was out by 8 o'clock. Roosevelt seems to have much the best of it.

POSTOFFICE ROBBER

Cleveland, Ohio, Nov. 5.—Walter Brant, 24 years old, said by the police to have been a member of the gang who robbed the Mt. Blanchard, Ohio, and other postoffices last July, was arrested at his home here today.

STAFF'S NEW PLANS

Seek an Entire Reorganization of Uncle Sam's Army.

Report Probably Will Not Be Presented to Congress at This Session as Committee Desires Ample Time to Consider Provisions.

Washington.—The general staff of the United States army has completed its plans for an entire reorganization and increase of this country's military establishment, a work upon which it has been busy ever since it was formed some years ago. Although the report containing these plans is now in type it probably will not be presented to congress at this session, owing to the fact that members of the senate and house committees on military affairs desire ample time in which to consider all the provisions recommended by the general staff. Among those most active in the conferences on these plans are Senator Root of New York, formerly secretary of war, and Senator DuPont of Delaware, chairman of the senate committee on military affairs.

The plan for the reorganization of the army as drawn up by the general staff is declared by experts to be the most important and comprehensive piece of constructive work along these lines ever performed in this country. It is also regarded as marking the first schematic military policy yet drawn up for the land forces of the United States. While some of its details have been embodied in congressional bills or letters of the secretary of war, the report has never been made public in its entirety.

The great object sought to be gained is the organization of the army on a footing of constant readiness for war, with a permanent expeditionary force always ready for instant service. In order to ensure this result it is recommended that the forces liable for duty anywhere be increased about seven times.

In the regular army the highest proposed unit of organization is raised and the mobile branches, which include all arms except the coast artillery, are divided into two parts, the foreign and the domestic. The domestic service is to be kept permanently in continental United States, while the foreign service is to be sent to American territory elsewhere, to remain, as an organization, outside of this country for good.

In addition to a proposal making for the federalization, within constitutional limits of the present national state guard, the general staff also asks for the creation of two new types of American soldier; namely, the federal reservist and the federal volunteer, the latter to be recruited in time of peace for war service and held responsible only to the central government.

The general staff also recommends that the present regular army be relieved of police duties in Alaska, and suggests that peace be preserved in that district by a federal constabulary to be legislated into existence by congress. If this suggestion becomes law, the United States will have, for the first time in its history, a police force owing its authority directly to the federal government.

In outlining the importance of this reorganization the general staff points out that the land forces of the United States are now in no condition to face the armies of a first-class power, and maintains that the necessity for this country to prepare itself is immediate and imperative.

"Whatever our military institutions may be," says the report, "we must recognize the fundamental fact that victory is reward of superior force, that modern wars are short and decisive and that trained armies alone can defeat trained armies."

NEGRO HAS HOUSE FLOOR PRIVILEGE.

An elderly negro recently presented himself at the door of the hall of the house of representatives at Washington and proceeded to walk past the doorkeeper. That august person immediately grabbed the negro by the arm and, whirling him around, asked him what he wanted. The negro calmly told the doorkeeper that he had the floor privilege by virtue of being a former member of the "greatest deliberative body in the world."

This statement the doorkeeper halted with what nearly approached derision, but as the man did not appear much frightened or show signs of abandoning his intention to enter the house chamber, the doorkeeper dispatched a messenger to the speaker's rostrum. The messenger also conveyed to the speaker the card of the colored man, which bore the name of John R. Lynch, with a further line to the effect that Mr. Lynch was engaged in the practice of law in the commonwealth of Mississippi.

Speaker Clark for a moment was at a loss as to the proper course of procedure. First he called upon the dean of the Mississippi delegation in the lower house, who informed the speaker that John R. Lynch was fully entitled to the floor privilege. He had served a number of terms in congress from Mississippi. Lynch was admitted.

Strange as it may seem, this very John R. Lynch, who experienced such difficulty in being admitted to the floor of the house, a privilege to which the customs of the house entitled him, was twenty-eight years ago the temporary chairman of the Republican national convention at Chicago, a post

tion to which the greatest politicians in the country aspired not long since. And, stranger still, the man whose motion placed Lynch in that position was Theodore Roosevelt, then a delegate from New York.

HEAD OF NOTED GARDEN DIES.

William R. Smith, for nearly sixty years director of the National Botanic Garden, died the other night in the little brick cottage within the gardens which he had occupied since its construction before the days of the Civil war. In the period of Mr. Smith's tenure the national garden has developed from a tiny flower garden to the largest horticultural collection, public or private, in America.

Mr. Smith was a native of Scotland, born at Athelstone Falls, East Lothian, in 1831. He acquired his earliest knowledge of practical horticulture as a gardener's helper on the estate of Lord Abercrombie, near Sterling Castle. At sixteen he was attached to the estate of the Duke of Athole at Dunkeld in Perthshire. He came to the United States in 1853. After spending a few months in Philadelphia he journeyed to Washington, where he was offered the post of chief gardener of the then new botanic gardens. He has occupied that position ever since.

The Smith collection of the works of Robert Burns and the historical, biographical and critical literature bearing upon that Scotch poet is said to be the most extensive in the world. Mr. Smith began his collection many years ago. It embraced nearly 1,000 volumes and completely filled the walls of two rooms in the cottage. Mr. Smith 29 survived by his aged wife, who is an invalid.

PROTECTION FOR THE SPONGE.

In view of the attention which has been given to the protection of seals in the northern waters, it may be of interest to note action that congress is taking to protect a product of the tropic seas—the ordinary sponge of commerce.

It might be a matter of as much economic distress—if not more—to have the sponge of universal use exterminated as would be the case if the seals were eliminated. Anyway, congress has taken alarm and the senate committee on fisheries has reported out a bill already passed by the house, to prevent illegal fishing in Florida and gulf waters and at the same time extend the open season for the catching of sponges. Probably not more than one person in a thousand has known there was such a thing as an open or closed season for sponges, but such is the fact.

Although permitting a larger catch of sponges than has been possible in the past protection is to be afforded for the young sponges, the taking of them to be prohibited until they are at least five inches in diameter.

"ARTICLES" OF WAR REVISED.

A general revision of "The Articles of War," under which the conduct of the army has been governed for more than a century, has just been completed by Judge-Advocate Crowder after a year's hard work. Secretary Stimson approves the work, and is anxious to see the new "articles" put into operation by act of congress.

Although service conditions have changed greatly, there never has been a comprehensive revision of the "articles." General Crowder has retained the provisions of the old code which have withstood the test of experience, correcting the notoriously unsystematic and unscientific features.

One of the most important changes is the proposed creation of an intermediate court to deal with that large proportion of cases midway between the grade of offenses calling for dismissal, dishonorable discharge or detention to be disposed of by general court-martial, and the minor offenses calling for very light punishment now dealt with by summary courts.

U. S. WOMEN WELL DRESSED

Mme. Vassiliev, wife of the naval attache of the Russian embassy in Washington, and one of the most beautifully gowned women in the diplomatic set, says that in no country has she seen so many well-dressed women as in America. She does not mean American women are extravagant and wasteful, but that American women have the knack of dressing neatly and attractively, of making a gown of comparatively cheap material look graceful. She does not agree with several members in the diplomatic set that Frenchwomen are the best dressed in the world.

LITTLE AT A TIME.

He writes: "I am sorry to keep troubling you in this matter, but I am anxious that all money reach its proper destination." He is evidently a laborer, but it is not known in what way he has cheated the United States treasury.

Police News

Found prowling about the boiler room of the Goley & Finley shops, Main and Eureka streets, at 1:15 o'clock Tuesday morning, Peter Kennedy, 35, was arrested by Patrolman Hollar on a charge of drunkenness. Charles Hoddy and Richard Rice, two midnight pedestrians, saw the man try the front door of the shop shortly before 1 o'clock. The door was barred and he walked to the rear of the plant. The men notified the central station and Patrolman Hollar was dispatched. Kennedy was found wandering promiscuously about the boiler room, and locked up for being drunk. Mayor Shook fined him \$1.00 and costs this morning.

After an absence of months, Len Folk, an old time police character, fell into the toils late Monday afternoon when Officer Wingate arrested him on west Market street after a desperate battle. Folk was locked up for drunkenness and resisting an officer, but when arraigned Tuesday morning was charged with being drunk. He paid a fine of \$1.00 and costs.

Tom Corry and Harvey Dunval, plain drunks, got \$1.00 and costs each. Joy McDowell, a young tramp, arrested and held on suspicion was released this morning with "hours" to leave town.

MAYOR VOTES THE SOCIALIST TICKET

Mayor Shook entered the voting booth in precinct D of the Second ward at 7 o'clock Tuesday morning, was in the booth less than two minutes and emerged announcing that he had voted the straight Socialist ticket.

"Because I have been expelled from the Lima Local does not indicate that I am not a Socialist," said the mayor Tuesday afternoon. "The thirty or more members of the Local cannot control the party and I am still a Socialist in policy though not in reality a member of the party. Yes, I voted her straight."

Had Serious Lung Trouble—Now Well

Somewhere there exists a vast amount of skepticism as to the possibility of curing Consumption. We state none but facts, and are sincere in what we assert. If we were afflicted with Tuberculosis, we should do precisely what we advise others to do—take Eckman's Alternative promptly and faithfully. The reason we should do this and warrant we have for asking our "consumptives" to take it, is that we have the reports of many cures, one of which follows:

1615 Susquehanna Ave., Phila., Pa. "I am a sufferer for two years I was afflicted with hemorrhages of the lungs, the number totaled nearly one hundred. My family physician advised me to remain in bed, as to remain would probably be fatal. However, I remained in bed a few days, and in February of 1912 I was taken with a severe attack of pneumonia. I walked about the house I was left with a frightful hacking cough, which no medicine I had taken could allay. It was at this time, March 1912, that I journeyed off and started taking Eckman's Alternative. In a short time my cough was gone and I was pronounced well. Since that time I have had no slight attack of pneumonia and I have resorted to no other medicine to effect a recovery.

"I am at present in excellent health and feel that as long as I can obtain Eckman's Alternative, I cannot speak too highly for the good it has done for me. I am suffering from Bronchitis, Asthma, Hay Fever, Throat and Lung Trouble, and in upbuilding the system. Does not contain poisonous or habit-forming drugs. For relief of all these troubles, ask for Eckman's Alternative and write to Eckman Laboratories, Philadelphia, Pa., for additional evidence."

William, aged three and one-half years, and Dorothy, aged two, were dead beside their mother. The father was half out of bed. He had evidently awakened and tried to escape from the deadly fumes. The family was last seen Sunday night.

GEORGE STOVALL IS ONE OF THE YEAR'S HEROES.

There is still a thick element of doubt as to which of four moguls deserve the greatest amount of praise—Stahl, for piloting a world champion ship team. McGraw, for leading the Giants into a pennant; Griffith, for pushing Wash-ington from seventh to second place, or George Stovall, for hoisting the Browns as high as seventh. Any one who figures that Mr Stovall doesn't rank should try leading the Browns for a year. Ask Jimmy Mc-Aleer or Bobby Wallace.

State Picked for Champions of Conference

Cleveland, O., Nov. 5.—Case and Reserve students are depending on Ohio State to defeat Oberlin next Saturday for the Ohio conference championship. Oberlin has won annually since 1908 but Ohio State's eleven is heavier and faster than any other since 1908. Case's trick plays last Saturday were futile against Ohio state.

RECORDS TO BE SMASHED

New York, Nov. 5.—New auto records were expected this afternoon in the 100 mile event at right-ton Beach.

Among the drivers entered were Spencer Wishart, Ed Pullen, Dave Pullen, Ralph Mulford and others with some of the best speed cars made.

The White Sox will do their spring training at Paso Robles, Cal. This was decided upon by President Comiskey after he had looked over numerous propositions offered him, and announced the players would leave Chicago for the training camp on the night of February 20.

"I think I have found a great training camp and a wonderful health resort," said the Old Roman. "I know that the boys will all be pleased, and we are going to California in a special train.

Reports come from Milwaukee that Hugh Duffy, former manager of the White Sox, is to become manager of the St. Paul club.

Mandot Fights Wolgast To Draw--Old Speed Gone

Lightweight Champ Is Not Fighter of Yore--Younger Man Came Strong and Rushed Him Continually

New Orleans, La., Nov. 5.—(By United Press.)—Ad Wolgast has seen his prime and is now on the toboggan.

Following last night's fight with Joe Mandot, local sporting writers favored Mandot after Referee Ed Smith had called it a draw. Mandot came strong at the finish and gave evidence of being able to continue for another ten rounds. Wolgast was winded and badly jumbled.

Before the largest crowd in twenty years lightweight champion Ad Wolgast and his New Orleans challenger Joe Mandot fought vigorously.

Mandot showed ability to come back that astounded even the most partisan of New Orleans fans. Although nearly out in the second round he fought back to even foot-ing with the champion in the next seven rounds, and the last three rounds were distinctly his. He outboxed Wolgast easily in the last two rounds, and even in the rough work that is considered Wolgast's specialty, he held the champion even.

The fight was strenuously con-tested from the start, and a more perfectly handled one was never seen here. Although Mandot supporters held out to the last for a local man to referee, they, to a man tonight, praise Smith.

The first round, though carrying plenty of action, gave little advan-

tage to either. The second and third were Wolgast's, the fourth about even. Mandot made his first good showing in the fifth. From the seventh he put up a remarkable fight, jabbing and excelling at long range. Though always damaged in the fighting, he was never in real danger after the second round. After fighting well in the fifth, seventh and eighth, Mandot undoubtedly outclassed the champion in the last two.

The gate receipts exceeded \$20,000. The contest was held at the ball park in the open and the weather was cool.

STENOGRAPHY For Young Ladies

No profession affords a better opening for young ladies who desire to earn their own living than does stenography and typewriting, and we know of no more agreeable and profitable employment in which they can be engaged. Their adaptability to the work has been thoroughly tested and they have been found fully equal, if not in many instances superior, to young men, especially as typewriter operators.

There are now enrolled at Lima Business College eighty pupils in the Stenographic Department. Recently several have graduated into positions. In one class of sixty-six, fifty-five were placed in positions.

PURIFICATION PLANT NEEDED IN THIS CITY

ACCORDING TO LETTER COUNCIL MONDAY NIGHT BY CITY SOLICITOR.

INTERURBAN CARS TO CARRY PILOTS.

HINER STONE QUARRY DANGER HAS BEEN GREATLY EXAGGERATED.

Condemnation of Lima's water was given and urgent recommendations made to purify the supply by the installation of a water purification plant in a letter from the state board of health read to members of city council in regular session Monday evening by Solicitor Jackson. The communication was the result of the recent conference of a councilmanic committee with the state board relative to the city's water supply. According to the report, the water has never been found satisfactory for domestic use and was in constant danger of pollution and contamination from the sewage of upper cities.

Little other business was undertaken in Monday evening's session. Chairman Keville of the safety committee delegated at last meeting to investigate the heavy blasts from the Hiner Stone quarry's quarries in east Lima, reported that the charges against Superintendent Edward Hiner were greatly exaggerated and that the blasts were not a source of as great danger as first depicted. He urged that a compromise be effected and that the matter be adjusted amicably. Property owners and residents of this section declare that the blasts which sometimes hurl boulders a distance of 1,200 feet

LITTLE BLIND BOY MUST BE DEPORTED

(The United Press)
New York, Nov. 3.—The mother and father of Cecil Morris, 7-year-old blind boy, are grief stricken today because of the ruling of the board of special inquiry that the boy, despite the fact that his parents who live in Akron, O., are able to support him, must be deported. It also ruled that Mrs. Katherine Mcweeney, American born, of Greensburg, Pa., who accompanied the boy here from Ireland must take him back.

COWBOY'S PONY PULLS HOSE REEL TO BURNING BARN

While firemen are assembling Bellefontaine O., Nov. 3.—Children playing with matches set fire to the barn of John Yeder, near West Liberty, Monday. A cowboy, Arthur Coffin, who brought a shipment of horses to West Liberty, rode his pony to the fire department, attached his lariet to the hose reel and pulled it to the fire while the volunteer firemen were assembling.

are dangerous to health and property. No action was taken.

After a conference with General Manager Carpenter, of the Western Ohio Company, the franchise committee reported that all Western Ohio cars were so marked as to distinguish local cars from out-going limited cars. A consultation had also been held with Superintendent Gilpin of the Ohio Electric company, resulting in his promise that pilots should be placed on all interurban cars operated through this city. Relative to the stopping of city cars on the near side of the street, Superintendent Gilpin asked that more time be given him for consideration. All of the reports were accepted.

SOCIETY

Of exquisitely beautiful appointments was the grand military ball given at the residence of Mr. and Mrs. Chauncey F. Lufkin, 640 west Market street, Monday evening, in honor of Miss Roby Ohler, and Miss Florence Lufkin, of New York City, grand-daughter of Mr. Lufkin, who is to be a bride of early spring.

In the spacious drawing room huge clusters of yellow cysanthemums bloomed in sweet abundance, while in the music room pure white cysanthemums graced the delightful scene. Large bouquets of pink and white carnations adorned the dining room.

As the young people arrived at the home, they were received by Mr. and Mrs. Lufkin, Miss Lufkin, Miss Ohler, Mr. Leighton, and Miss Dorothy Heath, of Paris. Mrs. Lufkin was superbly gowned in black lace over white satin with the trimmings of ermine velvet. The young girls were in beautiful gowns, lovely in their beautiful gowns. Miss Florence Lufkin wore a gown of white net with a beaded tunic, and Miss Dorothy Heath was charming in a Parisian gown of real lace, all white, with trimmings of dainty blue. Miss Ohler, the social favorite of this week, was lovely in a creation of pale blue crepe de chine embroidered with tiny pink roses.

The company was comprised of seventy guests, all young people, and close friends of the guests of honor.

A pretty and novel sight met the eyes of the guests when the doors of the large dining room were thrown open. There upon the long table, stood a pyramid of toy table, stood a pyramid of toy table, stood a pyramid of toy table, surrounded by tiny silken flags.

After the reception, the guests repaired to the ball room upstairs, and tripped the toe fantastic to the strains of enchanting and delightful music furnished by the Rothlisber music orchestra. The dance was rather informal in one respect for no programs were used.

At half after ten o'clock, the hostess, assisted by Mrs. W. L. Russell, served a dainty, well-appointed luncheon in the dining room, after which the guests danced until half after twelve.

Decorations in the ball room were suggestive of the occasion, a profusion of flags very prettily arranged being the effective scheme carried out.

The Bay View Literary Circle met at the home of Mrs. Louis Fall of 516 west Spring street, Monday afternoon. Ten of the twelve members of the club were present, and responses to roll call were made in the form of relating current events regarding religion, politics, music, etc. Mrs. Helster then gave an excellent paper on the Decline and Rise of the English Drama. Following the afternoon program, the hostess served delicious refreshments, and the guests chatted and spent the remainder of the time socially. The next meeting will be held in two weeks at the home of Mrs. George Snyder, of west High street.

Mrs. C. C. Kline, of 848 Bellefontaine avenue, accompanied by her sons, Paul and Charles Kline, departed Monday for Seattle, Wash., where they will spend the winter.

Among the compliments and favors being shown the pretty bride of this week, Miss Elizabeth Roby Ohler, and Ensign Frank T. Leighton, U. S. N., a buffet dinner, of beautiful appointments was given in their honor at the home of the host, Mr. Ralph Mackenzie, at 621 west Market street, at half after six o'clock, Monday evening.

The center of the charmingly laid table was graced by a huge mound of snowy cysanthemums intertwined with feathery fern. Tall white candel held by brass candlesticks stood at each place. Large clusters of fragrant cysanthemums were also arranged attractively on the sideboard and buffet.

Mrs. Kenneth Byrne, of Kansas City, Mo., presided at the coffee table, and Mrs. Holmes Mackenzie and Mrs. Branson Harley Holmes occupied the positions of honor at the supper table. The delectable menu was charmingly served at half after six o'clock after which the guests repaired to the home of Mr. and Mrs. Chauncey F. Lufkin, 640 west Market street, where the grand military ball in honor of Miss Roby Ohler and Miss Florence Lufkin, of New York City, a bride of early spring, was given.

Mr. Mackenzie's guests at the dinner were: Miss Roby Ohler and Ensign Frank T. Leighton, U. S. N.; the guests of honor, Miss Katherine Ohler; Mr. and Mrs. Holmes Mackenzie; Mr. and Mrs. Branson Harley Holmes, Mrs. Kenneth Byrne, Miss Dorothy Heath, of Paris; Miss Florence Lufkin, Miss Ethel Argue, of Buffalo, Miss Louise Shafer, of Syracuse, N. Y., Miss Minerva Blum, Miss Marguerite Thomson, Mr. Harry Beckmann, Lieut. William Farber, U. S. N., Mr. Seward Polsom, Mr. Gregory Rogers, Mr. Virgil Kelsely, Mr. Willard Ohler, and Dr. George King.

Fifteen members of the Sorosis club were pleasantly entertained at the home of their secretary, Mrs. A. Tompkins, of Brice avenue at their regular meeting, Monday afternoon. Responses to roll call were made by relating current news of the day and a very interesting half hour was spent in this manner. This was followed by the reading of three excellent papers, prepared and read respectively by Mrs. Olevie, Mrs. Robinson and Mrs. Kate Thompson. At the close of the afternoon's program, the hostess, assisted by Miss Lella Witmer, served a dainty luncheon, and the guests enjoyed a social hour together. The club will hold its next meeting in two weeks, at the home of Mrs. J. D. Jones.

The Young Matron's Society of Market Street Presbyterian church, will hold their regular monthly meeting at the home of Mrs. Louis Fall, 516 west Spring street, this Tuesday afternoon.

The Round Table held another of its very interesting and pleasant meetings at the home of Mrs. William Kinrade on east Market street, Monday afternoon. Current events were given in response to roll call after which the history lesson, led by Mrs. Shelby Mumaugh was on "British Possessions in Western Africa."

Mrs. Charles S. Lathrop who resides at 517 south Pierce street was hostess to twenty-one members of the Philomathean club, when they held their regular weekly meeting Monday evening. Two topics were given over to discussion during the evening the first "Lloyd George—Architect of a New England," led by Mrs. Andrews, and the second: "Home Rule in Ireland," led by Mrs. Stradley. On next Monday evening the club will meet at the home of Miss Ella Mackenzie.

PRESIDENTS—AND GOOD TIMES

Just a few brief hours before this little part of your evening paper catches your eye you have aided in making a president. Let us trust you have not failed to vote, but that you walked to the polls as a free-born American citizen and cast your ballot for a man in whom you have confidence and a man in whom you are willing to place the reins of government for the next four years.

But you were not fooled, were you, by the old stereotyped, thread-bare, weak political argument about "good times"? You didn't let someone hammer it into your head that the Administration of President Taft or any other man in office today is responsible for the greatest crops that the world has known for many a year. Surely you could not listen to such a flimsy argument and then cast your vote believing any political party is responsible for the flourishing times through which we are now going.

You were not ignorant enough to believe that bountiful rains and plentiful sunshine didn't have something to do with the big crops. You couldn't overlook the fact that the good Lord hasn't yet delegated any political party to dish out His weather for Him. You certainly are bright enough to admit that if we hadn't the rain and the sunshine we wouldn't have the crops, and you will also admit that you can't even find the name of the giver of these things written into the platform of any political party.

It's all right, if they think so, for any political candidate to steal enough credit from the works of the Lord to get back into office, but we do hate to see a politician trying to get the vote of a man that hasn't brains enough to know better. And we have every reason to believe you will agree with us when we say that the party of today—Republican, Democratic, Progressive or what-not, that attempts to make a fool of you by telling you it is responsible for big crops and "good times" isn't a safe party for a sane man to tie himself to.

THE CITY'S ORDINANCES

In Chicago, they are teaching the ordinances of the city to the school children. Twenty-five thousand copies of a booklet plainly setting forth the law on various matters pertaining to children have been printed at the expense of Julius Rosenwald, the Chicago banker, and distributed at a cost of two cents each, just enough to make the children place some value upon them. These the children of the eighth grade, for it is chiefly to them that the booklets have been given, have learned of the prohibition of the employment of children under sixteen in places of amusement, of the law on indecent literature, cruelty to children and animals, the sale of liquor, drugs or cigarette to minors and wearing of long hairpins on

dangerous others, the defacing of the walls of public buildings, etc.

Mrs. Young, the superintendent of schools, feels that the distribution of the books has done a great deal of good. She does not say so, but it is doubtless true that adults could with profit peruse this little book or ordinance. Even with those whose duty it is to enforce the law, some study of the kind would be pertinent. If that were done everywhere, there would be fewer dead-letter laws which become effective only on occasion when something preventable has occurred to stir the whole community.

A New York policeman had his pocket picked on a street car. Looks like even the pickpockets there know the best place to go to get money.

While fashion has decreed that women's hats shall be smaller this winter, you will kindly notice by the price mark that the price is still disgracefully large.

Chicago has a "kissing burglar." Lima young ladies need not feel jealous, for the burglar is said to be decidedly homely.

The craving for wealth still rages within the breast of the humble but beautiful chorus girl. Now one of them has eloped with a coal dealer.

Aviators are not the only people who deliberately take chances. We have amateur mushroom hunters right here in Lima.

MISS LIMA:—"Why should men be blamed for not giving up their seats in a street car when the women wear standing-room-only skirts?"

Happy Thought:—Nobody is ever hurt when an aviation meeting is postponed.

JUST THAT.

COOK:—I wasn't referring to the shape.
HOOK:—What then?
COOK:—To the fact that it lights up so beautifully.

There is no safer investment possible than first mortgage on improved real estate. True, inexperienced persons do not know how to judge values of property and might make mistakes by loading on bad titles. By investing through the medium of The Lima Home and Savings Association, in addition to the commonly recognized advantages of real estate mortgages, you get the expert service of men who have successfully managed one of the largest financial institutions in the vicinity for the past 25 years, loaning all its funds on first mortgages. Not a dollar is loaned without personal appraisal and expert examination of the title. The property in every case must be worth one-third more than the amount loaned and protected by fire insurance in a company of approved strength. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is CATARRH. It is a curable disease, and it is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying its foundation. It cures the disease, and gives the system strength by building up the constitution and existing nature in doing its work. The readers have so much faith in its curative powers that they have the Hundred Dollars for any case that it fails to cure. Sent for free list of testimonials.

MARY'S MAN IS BURIED UNDER STRAW

St. Marys, Nov. 5.—Charles Bonfield, young farmer northwest of town, was buried for three hours under 15 feet of straw in the presence of a dozen neighbors, who were ignorant of his misfortune. Bonfield was building the stack at the Haas farm, where oats threshing was in progress. He accidentally slid off the rear of the stack, fighting with one foot imprisoned between the rails of a fence with which the stack was surrounded.

For a cleanly bathroom use GOLD DUST

The bathroom should be given a daily cleaning and a weekly scrubbing. Nothing better than a solution made by dissolving Gold Dust washing powder in water.

Thoroughly scrub and scald basin and closet with the hot suds and pour down the pipes boiling water to which has been added Gold Dust in proportion of two tablespoons of Gold Dust to every gallon of water.

Clean the nickel and brass fixtures in bathroom by rubbing with equal parts of whiting and Gold Dust.

Gold Dust is sold in 5c size and large packages. The large package means greater economy.

"Let the GOLD DUST TWINS do your work."

Falling straw instantly concealed the person. He was unable to free himself and the noise of the threshing machine had been removed and while the helpers were dispersing two men chanced to hear his feeble calls. He was weak but unhurt.

LIGHT VOTE SI BEING CAST BY LIMA ELECTORS

And Election Day is Passing by Quietly

BULL MOOSERS AND SOCIALISTS HELD LAST SETTO OF THE CAMPAIGN.

SPECIAL TRAIN USED BY PROGRESSIVE ORATOR.

W. A. EANS, OF CHICAGO, RUSHED FROM HERE TO PIQUA FOR SPEECH.

Election day dawned clear and war mmm this part of the country and the tired and worn county candidates appeared fresh and hopeful as they appeared about the various voting precincts during the early hours of the day. The last few days of the campaign had been somewhat strenuous for all of them, for while some of them have but faint hopes of winning, none of them wanted it said after the battle ends that they did not do all that could be done to corral the votes of the city and county in their own favor. The indications about the city and also in the country precincts are that a light vote will be polled. The only party that will get out its full strength if either does, will be the Roosevelt party. The members of this new organization seemed to have more enthusiasm than those of either of the other parties, with whom the work has become almost routine.

From all that could be gathered about the polls today, there has been no change on the surface of the situation. The Roosevelt ticket is winning its support from the republican party, Gov. Wilson is receiving support from a considerable number of republicans and is losing some democratic votes which are being cast for Taft—quite a number, as will be shown by the ballots when they are counted tonight. The time consumed by most of the voters in the election booths indicate that nearly all of the ballots are being scratched. This means tedious work for the judges and clerks at the counting tonight and the local returns will be slow in coming in.

Returns will be received at the various headquarters and at the Memorial building tonight. The Democratic executive committee having arranged to receive and announce returns at the latter place. Manager Max Falk, of the Ellerman store, has arranged to throw returns on a canvas screen with a stereopticon machine at the store, and some of the theatres, including the Capitol, will have returns announced from the stage. Returns will also be received at the Elks and Lima clubs.

The last setts of the campaign really was precipitated by the socialist and bull moosers at the court house last night. The protest was called for the benefit of congressional candidate Elmer Rudy, who still had steam up and

"RED PHIL" DAVIDSON.

Red Phil Davidson, who has confessed to the murder (second degree) of "Big Jack" Zelig, the notorious leader of New York's "stickups" and gangsters. Zelig would have been one of the most important witnesses at the trial of Lieutenant Charles A. Becker, for the murder of Gambler Rosenthal, had not Davidson shot him dead on one of the busiest thoroughfares in the metropolis. Zelig was accused to have secured the "guarantee" who committed the actual murder of Rosenthal.

wanted to talk to the finish. The socialists took advantage of the opportunity and quite a number of them were in the room when the candidate began his talk. Before he had finished he was subjected to quite a heckling at the hands of the socialists. He answered their questions in his own characteristic way, the setts furnishing quite a bit of amusement for the spectators.

At the request of Chairman Walter Brown, of the Progressive state committee, Dr. J. C. Ponce secured a special train in this city from the C. H. & D. railroad officials last night and rushed a speaker to Piqua to address a Moose meeting that had been called to be held there. The speaker was W. A. Evans, of Chicago, who had been sent out by the national speakers' bureau of the third party to speak in the Miami county city. Dr. Ponce accompanied the speaker to Piqua.

BANK CLEARINGS GAIN.

During the month of October Lima bank clearings aggregated \$1,867,820, the largest total for a similar month in the history of the city. The total of October of last year has surpassed the total of the same month of 1911, and it is now certain that the aggregate of 1912 will exceed \$20,000,000 by a large margin.

MOSES

OF BIBLE DAYS MAY HAVE BEEN A RASCAL.

HIS DIETARY LAWS DON'T AGREE WITH A CHICAGO RABBI.

Chicago, Nov. 5.—"If the dietary laws were meant for health laws, then Moses was a rascal," declared Rabbi Emil G. Hirsch in his sermon before the People's synagogue Association in the Reginald Theatre yesterday afternoon.

It does not stand to reason that the dietary laws were other than the continuation of a custom," he said. "If they were really meant to protect the health of Hebrews, why did Moses declare that white the Jew should not eat this or that he could nevertheless dispose of it to the Jew?"

"I urge that, instead of pondering about the observance of the dietary laws, abstaining from certain foods, you lead a life of righteousness and help to spread our religion among our people. There are many of our customs today which we observed unthinkingly and which are simply the outgrowth of superstition. We wear a watch chain. Originally it was worn to protect one from disease and evil spirits. The pearl necklace is but the remnant of superstition."

It is preached today that Judaism has outlived its usefulness, that it is but a mere memory. This is not true. Judaism lives today as it has always lived, and it still ministers to the needs of its people. "There are many of the younger generation of Jews," of orthodox parentage, who have become imbued with modern civilization and are not of the belief of their elders. They have come out and have no place to worship. It is there we

wish to bring to us, for we have that which they seek."

The case is being stubbornly fought on both sides and will not be given to the jury before Wednesday or Thursday.

eleven couples from the village, who were dressed in various forms and styles. The menu served by the hostess consisted of pickles, sandwiches, baked beans, doughnuts, coffee, candy and elder. At 10 o'clock the guests of Mrs. Schumacher and Mrs. Baxter retired to the room of Mr. and Mrs. W. H. Evans where an oyster supper was given.

Mrs. C. A. Herp returned home Wednesday after a few days' visit to the home of her mother, Mrs. J. C. Herp, of Rossington, Ohio, who has been very ill.

Mr. Frank Baxter returned to his home Wednesday after a few days' visit in Warsaw, Indiana, and Thursday morning resumed his duties at the mail route.

May also wears some very handsome gowns becomingly. Mr. LaRenz as the struggling, sensible husband was effective and came in for his usual amount of favor with the audience. The lesson "The Spendthrift" teaches a wholesome and one which can set any auditor to thinking deeply; frivolity and extravagance and even deception is pictured vividly, but more vividly is the foolishness and wrong of them brought out. It is a play which everybody should see, a plot which everybody should study. "The Spendthrift" is presented in

the best possible manner by a competent company of artists which The Barrett Players have proven themselves to be.

"The Spendthrift" returns from the stage tonight, special arrangements being made with the Postal Telegraph Co. Certain at 8:15.

The sympathy of the entire community is with Rev. Parlette and his family in the loss of the wife and mother, her death occurring Thursday evening. Funeral services were held at the home Monday afternoon.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This quality of penetrating probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in E.D.D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that E.D.D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it. Of course all other druggists have E.D.D. Prescription—go to them if you can't come to us, but don't accept some big price substitute.

But if you come to our store, we are so certain of what E.D.D. will do for you that we offer you a full size bottle on this guarantee—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

THE FIRST GRAY HAIR SIGN OF AGE

EASY WAY TO PRESERVE NAT-
 URAL COLOR OF THE HAIR
 HAIR AND MAKE IT GROW

A harmless remedy, made from
 common garden sage, quickly re-
 stores gray hair. The care of
 the hair, to prevent it from
 losing its color and lustre, is just
 as important as to care for teeth
 to keep them from discoloring.
 Why spend money for cosmetics
 and creams to improve the com-
 plexion, and yet neglect your hair,
 when gray hair is even more con-
 spicuous, and suggestive of age
 than wrinkles or a poor com-
 plexion? Of the two, it is easier
 to preserve the natural color and
 beauty of the hair than it is to
 have a good complexion.

All that is necessary is the oc-
 casional use of Wyle's Sage and
 Sulphur Hair Remedy, a prepara-
 tion of common garden sage and
 Sulphur, combined with other val-
 uable remedies for dry, harsh,
 faded hair, dandruff, itching scalp
 and falling hair. After a few
 applications of this simple, harm-
 less remedy, your hair will gradu-
 ally be restored to its natural color,
 in a short time the dandruff will
 be removed, and your hair will no
 longer come out but will start to
 grow as a Nature intended it should.
 Don't neglect your hair, for it
 goes further than anything else to
 make, or mar, your good looks.
 You can buy this remedy at any
 drug store for fifty cents a bottle,
 and your druggist will give you
 money back if you are not satisfied
 after using. Purchase a bottle to-
 day. You will never regret it when
 you realize the difference it will
 make in your appearance.

COUNCIL POLICE PROBES SPILL THE WHITEWASH ALL OVER ANDY EARNST

Committees Report Not Unanimously Adopted-- Members Ridiculed by Standish For Being Inconsistent.

Apparently deluded by the dulcet strains of Police Captain S. Andrew Earnst, the aldermanic probe committee appointed nearly three months ago to investigate the "atink" in the city police department last night completely "whitewashed" the Shook-Blank-Earnst regime and heaped the blame for all muddle at the feet of the half-dozen real officers of the department who had incurred the police captain's disfavor.

Mildly censuring Captain Earnst for his association with prostitutes and the seamy side of the underworld, the committee turned and in the same breath heaped praise upon him for his "remarkable record of efficiency and law enforcement." The report was accepted by a vote of 7 to 2. Aldermen Standish and McGreevy bitterly opposing to the last ditch.

At the conclusion of the report, Alderman Miles Standish took the floor and offered the committee his sympathy for their "lame" and apparently deluded report. Alderman Standish then directed a vigorous attack upon paragraphs No. 1 and No. 4. Paragraph No. 1 charged a half-dozen patrolmen with creating lax law enforcement and disorder.

"Four of the six officers have been tried and acquitted by the civil service commission, a non-partisan body," declared Alderman Standish hotly, and it is not meet for a council committee to criticize their work. The patrolmen were treated unjustly by heads of the department. They appealed to the court of last resort and were acquitted. Why, then, should an aldermanic committee who has given the matter but light consideration, essay to ridicule the police officers and criticize the commission?"

"Paragraph No. 4," said Standish, "is inconsistent, flimsy and entirely uncalled for. First, you picture a police captain as the very emblem of duty and law enforcement. Then, you turn and mildly censure him for gross misdemeanors and infraction of decorum of two years when he mingled with common prostitutes, lewd rubbish of the underworld and associated constantly with this type of people."

I don't approve of these paragraphs, and any one giving them serious consideration will agree with me. In any event, the report means nothing to the city of Lima."

Alderman McGreevy supported Standish in his attitude. Members of the probe committee and Aldermen Shook, Keville and Justice, favored the report, however, and the finding was accepted and placed on file by a vote of 7 to 2.

ORPHEUM THEATRE

There is a better spirit of comedy in the Orpheum bill this week than has prevailed for the last few weeks. For this reason the show runs much better and seems an all-around more enjoyable entertainment. There was a big house last night, which warmly greeted the players and gave them for most part their last reward. Mabel Morray's act "Five Minutes in Harmony Lane" is too long and draggy. While the material is there to make a good act, Miss Morray should chop about ten minutes and omit her first solo, sticking to the Last Rose of Summer for her number. Fox and Lawrence were No. 2 on the bill and the lady of the act is very clever. Her playing the bagpipes came as a surprise to the big audience for it is a difficult instrument for a man to handle and to see this little lady playing this instrument is a remarkable feat. Miss Josie Claffin and company presented a comedy Irish sketch "On the Road to Ballyclary" and it did not take Miss Claffin long to get her audience in good humor and soon had them holding their sides laughing at her song, "Stop Your Tickling Paddy." Miss Claffin is ably assisted by two clever people. The real hit of the bill fell to Emma Shorrocks and Company. The performance of Miss Shorrocks is marvelous. I never witnessed such a rapid reading act before. Miss Shorrocks will tell you the name of any article held by any person in the audience almost as quick as Mr. Shorrocks touches it. The comedy that runs all through the act makes it almost a riot at the finish. Miss Shorrocks offers \$1,000 to any one in the audience that asks a question or the name of any object that she will give the correct answer. Any of the ladies in the city wishing to see into the future may write questions on a card and Miss Shorrocks will tell you the correct answer. Moralis Bros. closed the show with one of the best juggling acts seen at the Orpheum. Tonight shows 7:00, 9:00, 10:30 p. m. Election returns read from the stage.

Report of Police Investigating Committee

To the City Council, Lima, Ohio. Honorable Sirs:--

We, the special committee, heretofore appointed to investigate the police department of the City of Lima, Ohio, beg leave to report as follows:

The special committee has held as many meetings as were necessary to examine the witnesses that appeared.

After hearing the witnesses under oath and carefully reading and digesting the transcript of the witnesses, we do here find:

1. That the present administration has endeavored through the police department to enforce all laws and ordinances relative to the conduct of affairs of the city. In this effort the mayor, safety director, chief and captain of police have had a full co-operation of the subordinate officers and policemen except five or six of these subordinate officers and policemen who refuse or neglect to adjust themselves of a condition which demands strict law enforcement and honorable service.

2. The matter set forth in the first finding has resulted in a practical division of the police force department which oftentimes causes law enforcement and duty to be forgotten and one officer wagers his strength and ability against another officer without any benefit to the city and a distinct disadvantage to the department.

3. To overcome the condition set forth in findings one and two requiring strict and positive orders from the chief executive down through the safety director, chief of police to the captain whose duty it is to give such orders at roll call and have charge of the police officers at all times when the chief of police is absent and especially at night, such orders demanded that the captain of police take and maintain a strict and absolute stand upon his orders. In the minds of the subordinate officers and policemen the necessary arbitrary stand of the captain made him the center about whom the factions disagreed.

4. We find that the captain of police, for two years prior to January 1, 1912, did not endeavor to enforce laws and ordinances with regard to gambling and houses of ill fame and that he was indifferent and strictly out of the line of his duty by mingling with common prostitutes, all of which was done under the false belief that his best service could best be rendered to the city of Lima and under explicit and definite orders of his superiors at that time. However, after careful and painstaking investigation and due regard for substance rather than hearsay, we find that the captain of the police has been an efficient, reliable and obedient officer and has been to the present administration one of the important factors tending to the success of law enforcement.

RECOMMENDATION.

Taking the testimony as a whole, the following recommendations are made for the betterment of the service of the police department:

1. All dissension in the department should be immediately stamped out by the necessary discipline.

2. That each officer be especially enjoined to secure harmony in the department, which can only be done by co-operation and loyalty to the department as a whole and not individuals. Personal credit for duties performed must give way to actual accomplishments for the protection of the city.

3. Personal quarrels and grievances among the members of the department should be settled and adjusted within the department itself rather than through the columns of the press, and especially is it recommended that the officers of the department extend every courtesy and consideration to any and all officers who feel aggrieved, in order that the police department can work as a unit rather than as individuals.

4. That all police reporting telephones be installed separate and apart from places of business.

5. That no officer of the department shall be engaged or employed in the capacity of detective by private individuals.

6. That the report of this committee and the transcript of the testimony adduced at the hearings of the committee, be made a part of the records of the council but not to be spread upon the journal.

Respectfully submitted,
E. E. CLAPPER, Chairman.

GIRL RELATES TARRING STORY FOR FIRST TIME

VICTIM OF HURON COUNTY MEN'S ASSAULT EMERGES FROM HIDING

SHE DECLARES SHE WILL TELL THE COURT ALL

AWFUL NIGHT IN AUGUST HAS BEEN A TERRIBLE NIGHTMARE

Cleveland, Nov. 5.—Minnie Lavalley, the Huron county girl who was victim of a men's tar party several weeks ago, and who has been in hiding in Cleveland awaiting the trial of the men indicted in the assault, has emerged from her hiding place and has told her story.

"I am ready for whatever ordeal awaits me in the trial of the West. I have been in the trial of the West for several weeks. Nothing will keep me from taking the stand and testifying to all my relation with them. I want revenge as well as justice," she said today.

"I am weak and ill now. I fear that when the opposing attorneys start to cross-examine me I shall break down. But I am determined to appear against my abusers. I shall be attended by a physician throughout the trial."

"That awful night in August has been a nightmare to me since. Many times I have awakened screaming in my sleep, feeling again the rough hands tearing away my clothing and the tar pouring over my skin and into my hair, my mouth, my ears and my eyes."

Then again, their threats mingle strangely in my dreams and I shiver when I think of the assault. I staggered home with only one shoe and my clothing in tatters. I wasn't able to get the tar off that night, though I scoured my body with coal oil."

"It was jealousy which caused the outrage. They were angry because I was going with a man from another locality."

"The men indicted have said they used paint and not tar. It was tar—the sort of tar used on roofs."

It ran all over my body. It ran over my face and into my mouth and ears. Suddenly they let me fall. As I struggled to my feet they dashed more of it into my face. When I was able to see they had vanished."

GIRL ATTACKED BY CLAIRVOYANT

(By United Press)
Indianapolis, Ind., Nov. 4.—Joseph Woods, negro, graduate of Tuskegee institute, and former teacher in the Indianapolis schools, is charged in an affidavit with attacking a nineteen-year-old white girl.

Woods left the schools to practice clairvoyancy. Fashionable carriages, occupied by white persons lined up before his place daily. The girl went with her aunt one day, and, it is said, was asked by the negro to return the next night. He told her that his art would have best effect if she came alone.

The girl went alone. She said the negro's method was to place mystic powders in the shoes of his patrons. He removed her shoes and then practiced various devices on her until he gained control of her.

Judge Collins, of Police Court, fixed the bond at \$1,000. Judge Collins said that the trial will be in his private rooms and the girl's name will be kept secret.

Woods was recognized in jail as the man who helped close negro resorts during the recent crusade.

Opportunities In the West

"Opportunities for Health, Wealth and Pleasure" will be the theme of the lecture to be given by Mr. W. F. Doyle, the Western expert, in Memorial hall, tomorrow night, at 8:00 o'clock, on the profits of intensive farming and fruit raising in the Northwest and particularly in the Bitter Root Valley, illustrated by views of that portion of the country and of Yellowstone Park.

It is easier to realize the stories of marvelous yields from small tracts of land when we see the wonderful pictures of fruits and vegetables which are raised and hear the description of the scientific methods of intensive cultivation.

The Yellowstone Park views used are furnished by the Northern Pacific Railroad and are believed to be the most costly of their kind in existence.

The lecture is open to the public without charge.

LITTLE CHILD IS SERIOUSLY BURNED BY JACK-'O-LANTERN

To be starred persons for life by a belated celebration of Halloween night was the cruel fate which befell Guy Cratty, aged six, son of W. L. Cratty, assistant superintendent of the Prudential Insurance company, at the home of his parents, 303 east Market street, Monday evening at 6 o'clock. The babe was terribly burned and today lies in a precarious condition, physicians fearing for his recovery.

Bravely battling with the flames before he made an outcry, the youngster was overcome and parents carried him tenderly into the house where a physician, hurriedly called examined his injuries. He was burned about the throat the face and the left ear. Flames from the fire were inhaled.

Fire from a pumpkin lantern over which he was stooping to arrange a candle ignited with the whiskers of a Halloween mask on his face and burned the lad distressingly about the throat and face. Attired in Halloween garb

CLEVELAND STRAWS.

(By United Press)
Cleveland, O., Nov. 5.—In an effort to secure an early forecast on election results in Cleveland, the Cleveland Press caused a poll to be taken in three typical precincts. Voters leaving the booths were asked to duplicate their ballots, and cast them in boxes stationed outside the polling places.

Opened at noon, the count showed the following result: Wilson, 128, Roosevelt, 110; Taft, 44, Debs, 25.

The same voters in 1908 voted as follows: Taft, 122; Bryan, 70, Debs, 12.

The difference in total vote cast represents those who failed to mark today their vote in 1908.

TILLMAN REJUVENATED BY ODD HEALTH "STUNTS"

One year ago Senator Ben Tillman went to his South Carolina home a complete physical wreck. His old league here never believed it would be possible for the "Pitchfork Ben" that was to regain his health.

But at the beginning of the present session, the picturesque South Carolinian appeared a new man in his seat in the Senate. Moreover, he looked well. His friends were astonished at his recovery, for everybody thought Tillman was near death.

Here are some of the "stunts" which the senator recommends for those anxious to regain their health:

"Before arising in the morning take the head off the pillow and stretch out, exhaling all the air from the lungs and then draw in all the air possible.

"Draw up the knees, with the heels on the bed. Throw the knees as far apart as they can be carried, swinging them apart and together vigorously as to strain the muscles of the thigh.

"Throw one foot and then the other toward the headboard, vigorously kicking it if you can. Kick upward with both feet and throw the feet apart as you kick as wide as you can and as vigorously as you can.

"Stretch your hands under you behind the spine, and then throw both feet toward the headboard, also using the abdominal muscles to pull up the lower extremities, five or six times, or as much as can be done with one breath. I have reduced my paunch three inches by doing this, as it changes fat to muscle and hardens the abdominal muscles.

"Grasp the iron cross at the head of the cot, if you use a cot as I do, and throw both feet up, pulling up the body and standing as near on the head as possible. Throw the feet up and down five or six times. Fasten the feet under the crosspiece of the cot, pull the trunk up to a sitting posture, and drop back. Repeat four or five times.

"The first time I tried this latter exercise, the senator interjected reminiscently, "I thought I had torn loose something, but it was only the sudden strain of the abdominal muscles, which were very flabby and weak, and afterward I found no pain at all.

"Keeping the knees straightened, try to pinch each big toe with each hand.

"Throw the head back as far as possible, then stoop forward and touch the floor if you can. This movement is to loosen the muscles of the spine like working a rusty hinge.

"Swing light dumb-bells, one arm going by the abdomen while the other extends above the head as far as possible, and as one goes down elevate the other. This will lubricate and loosen the joints of the shoulders.

"Twist the spine by throwing one hand to the rear and the other to the front, lubricate and loosen the joints and make the vertebrae twist each on the other.

"I practice all this before breakfast and at night before going to bed, and I feel that it makes marked differences in my strength and otherwise. I have said that I thought my health would come back to me through this exercise and diet, if at all."

AUTO SPEEDER RUNS INTO A CROWD OF GIRLS.

R. E. MORRIS GETS OFF WITH A DECIDEDLY LIGHT FINE.

Speeding west on Market street at a rate said by witnesses to be forty miles per hour, R. E. Morris, of Harrod, a former Lima manufacturer, struck a crowd of young girls at Market and Pine streets Tuesday morning at 8:30 o'clock and bruised one child severely.

Morris returned several minutes later to see if the child was injured and police arrested him. He pleaded guilty to a charge of excessive "speeding" and was fined \$10.00 and costs by Mayor Shook.

The accident took place in front of the grocery owned by Edward Benroth at the corner of Pine and Market streets. The girls were on their way to school when Morris sped by in a cloud of dust. The children scattered and one of the girls was struck and hurled aside. A clerk from the grocery picked her up and assisted her into the store where it was found that her injuries were not serious.

Returning ten minutes later, Morris inquired as to the girl's injury. Benroth obtained the number of the auto tag and notified police. The autoist was arraigned on a charge of speeding, pleading guilty paid his fine. Mayor Shook warned him against a recurrence of the violation.

TAFT AND TED CAST THEIRS

(By United Press)

TEDDY KNEW HOW.

(By United Press)
Oyster Bay, Nov. 5.—After a busy morning at his correspondence Col. Roosevelt was driven in his automobile to the polling place at the little engine house at Oyster Bay, arriving there at five minutes after twelve. Wm. Gardner, former gardener at Sagamore Hill, who came from Canada to vote for the Colonel, arrived a few minutes later. Roosevelt was met at the entrance of the booth by Robert W. Duvall, a young lawyer.

"Do you know how to vote the Bull Moose ticket?" asked Duvall, showing the Colonel a sample ballot.

"I think so," said the Progressive candidate examining the ballot closely.

Followed by a crowd of villagers half a dozen photographers and the members of his party, the Colonel entered the polling place and signed the book. His ballot was No. 265.

MRS. LINDLOFF FOUND GUILTY

(By United Press)
Chicago, Nov. 5.—Mrs. Louise Lindloff, on trial for the murder of her son, Arthur, and suspected of poisoning five other members of her family to secure life insurance, last night was found guilty, and her punishment fixed at 25 years' imprisonment.
The seeress, who had all along maintained that her glass of fate showed she would be acquitted, laughed hysterically and cast a glance at the jury when the verdict was read. Later she collapsed when standing in an ante room surrounded by her friends. She was revived and led back to her cell in the county jail.
"There is no justice here," the convicted woman sobbed. "The guilty are turned loose and the innocent will get the worst of it. I will show my innocence before I am through. It will only be a question of time. I did not kill my boy or any of the others. I am innocent and God is my witness."
Motion for a new trial was made by her attorney, and the court set November 13 as the date for hearing arguments.
The Lindloff boy died July 13 last and the state charged that he was poisoned. Mrs. Lindloff was arrested June 14 on suspicion of having poisoned two husbands and her three children.

HOW I MADE MY HAIR GROW

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth on the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in perfect condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any drug-gist. The prescription is as follows:
Bay Rum 6 oz., Menthol Crystals 1/2 drachm, Lavone de Compose 2 oz. If you like it perfume add a few drops of To-Kalon Perfume, which mixes perfectly with the other ingredients. This, however, is not necessary.
Apply night and morning: rub thoroughly into the scalp.
Go to your druggist's and ask for eight ounce bottle containing six ounces of Bay Rum, also one-half drachm of Menthol Crystals, and two-ounce bottle of Lavone de Compose. Mix the ingredients yourself at your own home. Add the menthol crystals to the Bay Rum and then pour in the Lavone de Compose and add the To-Kalon Perfume. Let it stand one-half hour and it is ready for use.

A Woman's Secret

The secret of the well-dressed woman is necessarily her corset, because the corset is the foundation of her entire appearance. If the corset is not right in every detail and if it does not fit perfectly, one's gown cannot be right, and consequently one's appearance cannot be correct. Therefore it is imperative to have the right corset, and the right corset is one of the modish models of LA CAMILLE

Designed in strict accord with the styles, they produce the fashionable low bust, the long hip and back. They make figures and mark good dressers.

La Camille is made in a very large variety of models of many different heights and lengths for slender, medium and stout figures, insuring exactly the right model for every individual figure.

Stout women, in particular, find La Camille just the garment for their needs. It closely conforms to the figure, without pinching and unduly confining, and perfectly produces a long effect which is most satisfactory. Not everyone knows the benefits of La Camille, but once you do, you will accept no other.

We invite your inspection. An expert corsetier is always at your service.
